Welcome

A range of information and help is available to you if you're 65 years or over.

This guide will help you find out what's out there and point you in the right direction if you want to know more.

It includes information about New Zealand Superannuation (NZ Super), Veteran's Pension and other help you may be able to get from us.

We've also provided contact details for other organisations so you can find out about the services they offer.

In this brochure if we say partner, we also mean your husband or wife. This only applies if you have one.

New Zealand Superannuation and Veteran's Pension

New Zealand Superannuation

To be able to get NZ Super you need to be:

- 65 years or over
- a New Zealand citizen or permanent resident
- living in New Zealand, the Cook Islands, Niue or Tokelau at the time you apply.

You must also have lived in New Zealand (or a country New Zealand has a Social Security Agreement with) for a specific period of time. There's more information about this on page 6 under **Residence Requirements**.

You don't have to be retired from work to get NZ Super as it's not income tested. (See pages 6–10 for other information on NZ Super).

For more information about
NZ Super and to apply online:

Visit
workandincome.govt.nz

or phone us on
0800 552 002.

Veteran's Pension

The Veteran's Pension is a payment for New Zealand veterans. It's paid at the same rate and has most of the same rules as NZ Super, with some added benefits for the veteran.

If you're a veteran and have reached the qualifying age for NZ Super, you may be able to get a Veteran's Pension if you have qualifying service that's confirmed by Veterans' Affairs.

If you're eligible for Veteran's Pension you have automatic entitlement to a SuperGold Card/Community Services Card. If Veterans' Affairs have assessed you as having a disablement rating of 52% or more, you and your partner may be entitled to extra support including:

- a lump sum payment when either you or your partner die
- no change to your Veteran's Pension payments if you need long-term hospital care.

Veterans under 65 years who are disabled as a result of a service-related injury or illness may qualify for Weekly Income Compensation from Veterans' Affairs (see page 27 for Veterans' Affairs contact details).

Residence requirements

The number of years you must have lived in New Zealand since you turned 20 will depend on your date of birth. You also need to have lived in New Zealand (or the Cook Islands, Niue and/or Tokelau) for at least five years since you turned 50.

Note: New Zealand and Australian Pension qualifying ages are different.

If you're applying for NZ Super/Veteran's Pension and you need to use time living in Australia towards meeting the residence qualification, you'll need to meet the age criteria for the Australian Age Pension. See our website for more information.

Your finances and NZ Super/Veteran's Pension

NZ Super/Veteran's Pension isn't income or asset tested if you've reached the qualifying age. This means you can continue to work, earn other income or have assets and still get your NZ Super/Veteran's Pension payments.

Other income you earn can affect any extra financial help you might get from us, over and above NZ Super/Veteran's Pension. It might also affect the tax code you use for your payments.

For more information about
Veteran's Pension:

Visit
workandincome.govt.nz

or phone us on
0800 650 656.

For other help available for veterans from Veterans' Affairs
See page 27.

Partner under 65 years

If you have a partner who doesn't already qualify for their own NZ Super/Veteran's Pension and they still need financial help, they'll need to apply for another benefit of their own.

We can help you work out the best option.

Accident Compensation Corporation payments

If you get weekly compensation payments through the Accident Compensation Corporation (ACC) you can't get NZ Super unless ACC has confirmed:

- you can get both payments for a period of time *or*
- the date your ACC payment stopped.

To understand more about compensation payments, phone ACC on **0800 101 996**.

NZ Super/Veteran's Pension payment

NZ Super/Veteran's Pension payments are made directly to your bank account every two weeks.

The guide on the next page tells you the maximum fortnightly payments you may be able to get. It shows the amount you get before and after tax at the 'M' rate if you have no other income.

Need help with
selecting your tax code?

Use the online calculator
ird.govt.nz

or phone Inland Revenue
0800 227 774 (have your IRD number handy).

Fortnightly payments		Before tax	Taxed at 'M' (if you have no other income)
Single people	Living alone	\$1,213.34	\$1,038.94
	Sharing accommodation	\$1,116.62	\$959.02
People with partners	Both people qualify	\$922.82 each	\$799.18 each
	One person qualifies (you don't include your partner)	\$922.82	\$799.18
People with partners included before 9 November 2020	One person qualifies (you include your partner)*	\$874.88 each	\$759.64 each

** This amount may be affected by other income you get.*

Rates at 1 April 2024 (adjusted 1 April each year)

Living situation

If you live alone, you may qualify for an extra amount that recognises the costs of running a household on your own.

You may also get this rate of payment if you have a partner who's in residential care, hospital or prison, or in some situations if you're not living on your own.

Living alone doesn't mean you can't have someone to come and stay for a while. You can have visitors for up to 13 weeks and still continue to get a single living alone rate.

Applying for NZ Super

The quickest and easiest way to apply for NZ Super is online. There are some circumstances when you should contact us first about applying, for example if you're already included in your partner's NZ Super or you already get another benefit.

The date you apply is important because it will affect when your payments start. You should apply at least two to three weeks before you turn 65 to avoid missing payments. If you apply after you turn 65, and you qualify, your payments will only start from the date you apply.

For more information go to workandincome.govt.nz or you can call us on **0800 552 002**.

Going overseas

If you want to travel or live overseas you may still be able to get all or some of your NZ Super/Veteran's Pension payments.

Travelling for 26 week or less

You can go overseas for 26 weeks or less and if you already get NZ Super/Veteran's Pension your payments may be able to continue as normal. **Note:** If you don't return within 30 weeks you may need to repay all payments made to you since you left.

If you get extra help from us such as Winter Energy Payment, Disability Allowance or Accommodation Supplement you may be able to get this for the first 28 days you're out of New Zealand.

Tell us about your overseas travel if you:

- will be away for more than 28 days (four weeks)
- don't know how long you'll be away for
- intend to have more than one overseas trip within the next 12 months.

We can explain how your payments might be affected.

To tell us about your travel dates go to workandincome.govt.nz/overseastravel or phone us on **0800 552 002**.

Travelling for more than 26 weeks

You may be able to get all or some of your payments while you're away. You need to contact us at least six weeks before you travel to apply to get payments overseas. The payment you'll get depends on where you go and how long you've lived in New Zealand.

Going overseas to live

If you go overseas to live you may be able to take all or some of your payments with you, or get payments from the country you move to. Make sure you talk with us about your plans before you leave New Zealand.

Overseas pensions

If you weren't born in New Zealand, or have lived or worked overseas, you may be entitled to an overseas pension. It's up to the pension agency of the country involved to decide this.

You and your partner must apply for any overseas pension you may be able to get. If you don't you could lose your entitlement to a New Zealand benefit or pension. We can help you work out what overseas pensions you may be entitled to.

Important: If you already get overseas pension payments, you must let us know as it may affect any payment you get from us.

For more information on going overseas and overseas pensions visit workandincome.govt.nz/overseas or phone us on **0800 777 227**.

SuperGold Card

The SuperGold Card gives you access to a wide range of discounts from businesses around the country and government/local council services. This includes the free off-peak public transport operating in many regions around the country.

The card is sent to you automatically soon after your NZ Super/ Veteran's Pension is granted.

The SuperGold Card is for life and doesn't have an expiry date (unless you have a combined SuperGold Card/Community Services Card). There's more information about how the Community Services Card works with the SuperGold Card on page 14.

The back of the SuperGold Card shows if you have entitlement to NZ Super, Veteran's Pension and/or a Community Services Card.

New Zealand's SuperGold and Australia's Seniors Card holders can now use their cards when visiting Australia and New Zealand.

Note: Free off-peak public transport concession in New Zealand doesn't apply to Australian Seniors Card holders.

For more information on the **SuperGold Card** visit supergold.govt.nz or phone **0800 25 45 65**.

Extra financial help you may need

Here's a quick guide to extra financial help you may be able to get from us. Most extra help is income tested and some is also asset tested. For more information on extra help in this section, visit workandincome.govt.nz or phone us on **0800 552 002**.

Help with housing costs

Accommodation Supplement

If your income and cash assets* are below a certain amount, you may be able to get an Accommodation Supplement. This is to help with the costs of renting, boarding or owning your own home.

The rate we pay depends on where you live, your family situation (single/married/children) and the amount of your accommodation costs. To find out what you might be able to get visit workandincome.govt.nz and click on *Check what you might get* or phone us.

See page 26 for help with paying your rates.

** Assets that can easily be changed to cash.*

Help with health costs

Community Services Card

The Community Services Card gives you and your family discounts on doctors' visits and prescriptions. It may also help towards the costs of services such as emergency dental care or home help. You may be able to get a card if you're on a low-to-middle income, even if you work. Check if your income is under the limit on the table opposite to see if you may be eligible for a card.

You may be eligible...

If you're:	And your yearly income (before tax) is under:
NZ Super single – sharing accommodation	\$35,283
NZ Super single – living alone	\$37,531
NZ Super married, civil union or de facto relationship – no children	\$56,327
2-person family – 1 adult, 1 child	\$64,316
3-person family	\$79,167
4-person family	\$91,332
5-person family	\$103,281
6-person family	\$116,434

For families of seven or more, the income limit increases by \$11,802 for each additional child.

By family, we mean parents (including sole parents) and children living together. Once a child's aged 18 years they can't use your card any more, but they can apply for their own.

How the Community Services Card works with the SuperGold Card

If you have a current Community Services Card at the time you're granted NZ Super, your current Community Services Card can be used to its expiry date. You'll need to reapply when it expires. This is because NZ Super is counted as income and we need you to update your income details.

If you're successful when you reapply for a Community Services Card, we'll send you a new 'combo card'. The card will have the initials 'CSC' on the back. The expiry date on the back of your card can range from one to three years, depending on your personal financial circumstances.

Your new 'combo card' replaces your Community Services Card and can be used for both health subsidies and SuperGold Card discounts.

Combo card expiry

When your 'combo card' is due to expire, we'll automatically reissue a new card in most cases. However, if you're on NZ Super and your income is close to the limit to get a Community Services Card, we'll send you a renewal application before your current card expires. You'll need to complete and return the application so we can send you the appropriate new card.

Note: You'll get a new 'combo card' automatically if:

- you get NZ Super and your partner is getting another type of benefit
- you get a Veteran's Pension.

For more information on the **SuperGold Card** visit supergold.govt.nz or phone **0800 25 45 65**.

Disability Allowance

The Disability Allowance can help towards the extra costs you have due to a disability or medical condition. It can help pay for a range of things like regular visits to the doctor, medicines, lawn mowing or a medical alarm. Your doctor will need to tell us you need them because of your disability.

To qualify you need to have a doctor certify that your disability is likely to last at least six months and your income must be under a certain limit.

You'll also need to give proof of your costs, such as receipts or invoices.

For more information visit workandincome.govt.nz

You can also use our online eligibility guide *Check what you might get* to see if you're eligible. Go to check.msd.govt.nz or you can phone us on **0800 552 002**.

Winter Energy Payment

The Winter Energy Payment helps with the cost of heating homes. From 1 May to 1 October each year we'll automatically pay you an extra amount along with your NZ Super/Veterans' Pension. You don't have to apply to get the payment and you don't have to pay the money back.

If you don't want to get the Winter Energy Payment, you'll need to let us know and we'll stop it.

For more information visit workandincome.govt.nz and search on *Winter Energy Payment*.

See page 22 for other help with health costs provided by Manatū Hauora – Ministry of Health.

Help with emergency or unforeseen costs

Advance Payment

If you urgently need something you can't afford to pay for right now, you may be able to get some of your NZ Super/Veteran's Pension payment paid ahead of time. For example essential house repairs, dental treatment or household appliances.

Note: This is income and asset tested and the money you're given will need to be paid back.

Special Needs Grant

This is a one-off payment to help with urgent things you've no other way to pay for, like food, bedding and emergency medical care. You won't usually have to pay this grant back. There are other conditions so talk with us if you'd like to know more.

Temporary Additional Support

If you're finding it hard to cope financially, you may be able to get a temporary payment for up to 13 weeks, to help meet your essential living costs.

To get this payment your cash assets need to be below a certain level.

Funeral Grant

This can help with some of the funeral costs for someone who's died.

The amount we pay depends on what money or assets the deceased person had. If you're their partner, parent or guardian it also depends on how much you earn and any money or assets you have.

Help to care for children

If you're the main caregiver of a dependent child you may be able to get the following extra help.

Note: Financial help to care for a child won't affect your NZ Super/Veteran's Pension but could affect any extra help you're receiving.

Unsupported Child's Benefit/Orphan's Benefit

You may be able to get one of these payments if you're caring for someone else's child in your home.

If you qualify other payments are available to help with your costs, for example the costs to help a child settle into your home (such as bedding or clothing) and school-related costs.

Child Disability Allowance

If you're the caregiver of a child who has a serious disability, you could get this allowance to help with the cost of their care.

Childcare Subsidy/OSCAR Subsidy

Extra help available for childcare costs.

Working for Families assistance

You could qualify for tax credits from Inland Revenue depending on your income.

Help with residential care costs

Residential Care Subsidy

If you need long-term residential care in a rest home or hospital, you may be able to get a Residential Care Subsidy to help with the cost of your care. It's paid directly to the rest home or hospital.

To qualify the value of your assets need to be under a certain amount. If they're under this amount, we'll look at the income you get to help us work out the amount you'll need to pay towards the cost of your care. People who are 50 to 64 years have slightly different rules from those who are over 65. These are explained in our Residential Care Subsidy and Residential Care Loan brochure.

Asset limits*

- If the person has a partner who isn't in care, they can choose an asset limit of EITHER \$273,628 including their home (principal place of residence) and a car, OR \$149,845 excluding their home and car.
- If the person doesn't have a partner in the community, or has a partner who is also in care, then the asset limit is \$273,628.
- All assets are included except for personal belongings, eg jewellery.
- Up to \$10,000 of pre-paid funeral expenses for each partner is exempt if they are held in a recognised funeral plan.

** Rates adjusted at 1 July each year.*

If you or your partner give away assets, they still may be counted in your financial means assessment.

Visit **workandincome.govt.nz** for information about gifting.

Note: Gifting limits for the Residential Care Subsidy are different from those used by Inland Revenue for tax purposes.

The **Ministry of Social Development** is responsible for assessing the assets and income of those who apply for the subsidy. This is called a financial means assessment.

Manatū Hauora – Ministry of Health is responsible for assessing all other aspects of eligibility, including the start date of the Subsidy payments.

To apply for the Subsidy you'll need to contact a needs assessor in your area. For contact details visit Manatū Hauora – Ministry of Health website: **health.govt.nz/our-work/life-stages/health-older-people/needs-assessment** or phone the Health Seniorline on **0800 725 463**.

Residential Care Loan

Residential Care Loans help older people who can't get a Residential Care Subsidy to pay for the cost of their care.

You may be able to get a Residential Care Loan if:

- your assets are higher than the limit to qualify for a Residential Care Subsidy
- you still own your own home
- you have limited other assets.

For more information on a
Residential Care Subsidy or Loan:

Help with transport

Total Mobility Scheme

If you have mobility difficulties which prevent you from easily using public transport, you may be able to get subsidised taxi fares.

The Scheme is organised by the Ministry of Transport and participating regional councils to help people to take an active part in their community.

For more information and to check if the scheme is available in your area contact your local council.

Mobility parking scheme

If you have limited mobility you may be able to get a permit which allows you to:

- park conveniently close to your destination in accessible reserved parking spaces
- park longer than the stated time in some standard car parks and metered spaces.

All applications have to be approved by a doctor. Your doctor or the local CCS Disability Action office will have application forms for you to fill in.

For more information visit ccsdisabilityaction.org.nz/mobility-parking or phone **0800 227 2255**.

Help with paying rates

Rates Rebate Scheme

The Rates Rebate Scheme offers a discount to low income earners who pay rates on their own home. Ratepayers apply to their local council for the rebate.

For an application form and more information about qualifying for this rebate visit ratesrebates.govt.nz or contact your local council.

Help to keep safe from scams

To help keep yourself and your family safe there's detailed information about scams on the Consumer Affairs website consumeraffairs.govt.nz/scams
